

100% Federal Funds available

Wilmington, the Town Manager has just been told by Rep. Fred Cain, is now eligible for 100 per cent Federal financing, on any project it undertakes within the next 90 days, on sewer installation or replacement of water mains.

Rep. Cain's message was received in the Town Hall this week. It was part of a report on the obtaining of Federal funds for the town - a report by Mr. Cain.

Four years ago the first part of a sewer interceptor was constructed, from the Woburn line to Eames Street. The project was part of a larger project, to get sewerage up to Silver Lake, and, as it eventually turned out, up to a projected school on Salem Street.

Since then the town has voted more money, for the project. There has been a good support on the part of the town's taxpayers. The project is stalled, and construction stopped from Eames Street up. The financing of Phase I was never completed, and Phase II had to remain dormant until Phase I was 100 per cent complete.

Morris tried through channels to solve the impasse. One of the difficulties was that a Wilmington plant, about four years ago, had

shown sulphate to be in its discharges, and this caused state agencies to react.

The local plant, when made aware of the trouble, started corrective measures. Since then it has passed into the hands of another owner, and the plant engineer for Stephan Chemical Company has been actively controlling the source of the difficulty.

Reports have been sent in, and receipts for the reports have been made out, showing that there is no more sulphate being discharged.

But somehow, that made no change in the business of holding up the money for the Town of Wilmington.

Finally, on August 10 the Town Manager wrote to Cain. The town,

he said, has been the victim of circumstances for four years, and is due money which it cannot collect, money due on the First Phase of the Sanitary Sewer to Silver Lake.

Morris said he was unable to get any response from the Water Pollution Control, and this was costing the town money. The "No Action" could cost the town six million dollars.

It will be, Morris said, "extremely unfair - financially devastating if Wilmington or Massachusetts loses these funds - because of a log jam in paper work."

Cain's answer was dated August 23. The monies on Phase I will be forthcoming, he assured Morris, as soon as Stephan Chemical completes certain formalities. The tests have been taken, and as soon as the results are in Cain will be notified.

Cain added that he has been assured that the "Phase I Problem" will not have any bearing on the funds for Phase II. Wilmington, he assured Morris, is now 100 per cent eligible.

Broken leg and other injuries for Jay Zaino

THE BROKEN BICYCLE: Lies on the sidewalk, and the arrow points to the place where a little blood was to be found. Mrs. Carbone drove her car on, beyond, to reduce traffic confusion.

Ten-year-old Jay Zaino of Linda Road, North Wilmington was found to have had his leg broken in two places, and have other injuries, as the result of a bicycle/auto accident on Middlesex Avenue, Wilmington at 5:06 p.m. Friday. The accident was near Pleasant Road.

The boy was carried about 85 feet by the car which struck him and when picked up by Fire Department personnel was bleeding about the head. At Winchester Hospital a decision was made to transfer him to Massachusetts General Hospital apparently because serious injuries were feared.

He has since undergone an operation for bone splinters in his leg. There were serious contusions to the face, from the dirt

on the highway, and he suffered from concussion. Jay is the son of Mr. and Mrs. Arthur Zaino of 20 Linda Road.

Wilmington police have identified the driver of the car as Mrs. Julia F. Carbone of 390 Salem Street, Wilmington. The car was a 1972 LTD and a dent was to be seen above the radiator, presumably as a result of the accident.

Three witnesses saw the accident according to police. The police say the child was halfway across Middlesex Avenue on his bike, with two or more cars on the street, when he suddenly appeared before the car of Mrs. Carbone. Sergeant Stewart said that the lady carried him over to the side of the road, on the hood of her car, before he rolled off. The bike too, was carried on the car, a distance of about 85 feet. The front wheel of the bike was found only a few feet from the accident site, on the sidewalk, probably about 20 feet away.

Patroimen Joseph Waterhouse and Earl Burns are in charge of the investigation.

Nature's Way

The Nature Food Centers, of 282 Main Street, Cambridge is one of the firms that will be moving to Wilmington shortly. The firm is taking over a building off Waltham Street, in North Wilmington.

Adjacent to the new home of Nature Food Centers is an easement, for auto traffic.

The firm has renamed (or, if the reader please, named) that easement.

It is now called Nature's Way, and that will be the address of the firm.

AT THE DEMOCRATIC COOKOUT: Last Saturday afternoon. Over 500 guests were present for roast chicken, corn on the cob and other goodies.

Shown are Charles Kelley, Bob Burwell, Rep. Fred Cain, John Parker, John Leary and Gus McLaughlin. Mr. Leary is the Democratic candidate for State Senator.

Subdivision plans check for \$2425

A check for \$2425 was received by the Town of Wilmington during the past week. It represents the payment required on submission of a "preliminary plan" to the Wilmington Planning Board, and is the largest sum ever paid on such a plan in Wilmington.

The preliminary plan is for an area by the head of the Ipswich River, proposed to be called

Woburn Heights. The area was formerly proposed for low and middle income housing. Mr. DeCarolis of Tewksbury is the developer.

The increase in costs is considerable, over that asked for a few years ago by the Wilmington Planning Board. The increase is designed to pay the town for the engineering work necessary by the

town engineer, in the area of the subdivision. Twenty homes are planned.

The State Building Code

The new state building code, in which administration is in the hands of state officials, and in which, too, there can be changes without the legislature acting directly, is making things interesting.

Tewksbury is an interesting case in point. The local building inspector, with a book of regulations that weighs five and a half pounds, is having his difficulties.

In Wilmington the old Methodist Church was destroyed, about a week ago - torn down because it did not conform to the new regulations.

There was absolutely no malice shown. The old building simply did not conform. It had to be torn down. The situation was not pleasant. One member of the parish stood

and watched the bulldozers at work, and quite truthfully remarked that the building was just as sound as the day it was built.

It just did not conform to the new regulations. One, for instance, is that in a public building it shall be possible to get wheel chairs into toilets. There were many other points.

The people of that church paid a prominent architect \$1000 for an evaluation study.

How much would it cost to bring the building into conformance with the modern regulations.

The answer was \$75 thousand. That was too much for the people of that church. And now the building is no more.

How many applicants?

State Rep. James Gaffney of Tewksbury has raised an interesting point.

Mr. Gaffney is calling upon the State Department of Community Affairs to rescind a regulation which seemingly is against discrimination, but which serves principally to multiply problems for the local Housing Authorities. The DCA has a regulation which says there shall be no discrimination against any applicant (for old age housing) based on the fact of non-residency in the municipality where the application is filed.

It is a fine thing to be against discrimination. It is almost like being against sin.

How does this particular type of "discrimination" affect the towns and cities of the Commonwealth?

Mr. Gaffney says that the regulation is against the laws of Massachusetts, and he goes further and says it discriminates against the people of the municipality where the housing is located. He is probably right.

Many people are acquainted with some of the things that have happened - not in the name of non-discrimination, but otherwise. There have been instances in which discrimination was colored with political affiliation. Perhaps that day is over. One can hope so.

Tewksbury has two projects, and the Tewksbury Authority favors its local people, whenever possible.

Wilmington has one project, and has authorization from the town for a second project, but nothing much happened when there was an opportunity - possibly because of the political things that happened a few years ago.

At the present time, in Wilmington, there are 250 applications for housing. One hundred and fifty of those are from Wilmington families.

That means, in Wilmington, there are 100 applications from out of town residents. It also can mean that in other communities there may be 150 applications from Wilmington residents.

Each applicant can, and probably does file half a dozen times. Possibly some file 10 or 12 times, in the various communities in this Commonwealth.

Which brings up the question:

Is the figure on the number of applicants in this Commonwealth who are asking for Old Age Housing accurate? Or is it something that has been multiplied 10 times and is thus grossly inflated?

Mr. Gaffney may have started something.

In part Chapter 808 explained

Chapter 808 is the new state Zoning Code, in Massachusetts, which became law a few months ago, and for which the Wilmington Planning Board had some respect, prior to the annual town meeting last spring. It is a complicated code, compared to previous statutes, and some say it is too complicated. The Planning Board, at the last town meeting, had simply to say that they were not prepared to recommend changes because of the possibilities of unforeseen results from Chapter 808, and the town voted with the Planning Board.

That doesn't always happen, but it did last spring.

Tuesday night the Planning Board got a partial explanation of Chapter 808, with respect to some aspects of zoning. The answer was from the Universal Engineering Corporation, a planning consulting firm in Boston.

There are changes, Universay says, with respect to Town Meeting votes and zoning.

There used to be a statute which,

if adopted by the town, would prevent anyone from bringing in a proposal for a zoning change until two years had passed, if the change had been defeated in a town meeting. There had been persons who wanted that law adopted in Wilmington, but it never was.

Now that idea is a law, without the town voting for it. The Planning Consultant drew attention to 4 (c) of Chapter 808, which, referring to zoning changes states:

c. No proposed amendment, which has been unfavorably acted on by the Town Meeting (rejected) shall be considered by the Town Meeting within two years unless the action is recommended in the final report of the Planning Board.

Further on the report from Universal says that if the Attorney General of Massachusetts does not act on a proposed and voted zoning change within 90 days "the Town Clerk shall enter a statement in the records that the amendment is effective by reason of the failure of the Attorney General to act."

Wilmington tracksters shine in Reading

FRONT L. to R: Glen Ford, Gaye Smith, Aurelie Smith and Jim Taylor. Rear: Chuck McNeil, Keith Ford, Lisa McGinley and Kevin Smith.

Ten Wilmington youngsters had excellent performances in the Reading Olympics recently, winning 11 gold medals, seven second place awards and three thirds. All were veterans of the Recreation/K of C Olympics recently held in Wilmington.

Keith Ford, 12, of Dorothy Avenue turned in a most outstanding performance. He won a gold medal in the long jump; the 220, the 440 and the 440 relay. Keith, who is also a member of the Wilmington Track Club, took second place in the mile. Glen Ford, eight-year-old brother, added to the family's gold by taking home a first in the 440 relay in his age group.

Lisa McGinley, 12-year-old

trackster of Middlesex Avenue was another who had an outstanding record.

Lisa won a gold medal in the 220, was second in the softball throw and the 440 relay, and took third place in the long jump and high jump. In the long jump and high jump Lisa was competing against the 13 to 15 year old girls - and she placed!

Jimmy Taylor, a nine-year-old from Woburn Street turned in a fine performance, taking home two gold medals, in the 440 and the 440 relay. He took two second places, in the 220 and the 50 yard dash.

Laurie Belbin, 12, of Whitefield Terrace placed in two events. She won a gold medal in the long jump,

and a second in the 440 relay. Winner of a second in the same relay was Gaye Smith, 11, of Dorothy Avenue.

Eight-year-old Aurelie Smith of Catherine Avenue took home a third place ribbon for her 50 yard dash effort. Her big brother, Kevin, 11, won a gold medal in the 440 relay.

Chuck McNeil of Butters Row, also a 440 relay winner, got to take home a gold medal on his twelfth birthday.

Mike Newhouse, nine-year-old Broad Street resident, competed and offered his usual best effort.

Tigers District 13 champs

The Wilmington Little League Tigers recently won the District 13 Tournament of Champions. They had to win four games on the way to the championship.

Tigers, 1-Woburn 0

Mike Moran singled in Jim Marsh in the first inning with the only run of the game.

Mike went on to strike out 12 Woburn batters to preserve the win.

Tigers, 3-Stoneham, 0

Stoneham pitchers combined to pitch a no hitter against the Tigers, but they won 3-0 with some

heads up base running and some wildness by the Stoneham pitcher.

Kevin Lange pitched a strong four hitter for the Tigers. This was the second shut out in a row for the Tigers.

Tigers, 8-Winchester, 7

The Tigers lost their bid for a third shutout in a row, but won their third game in a row. They had to go into extra innings to win.

The game was like a Pier Six brawl with one team scoring and then the other tying it up. Mike Moran scored the winning run on a ground ball by Jim Marsh. Mike

was on third and Jim hit the ball back to the pitcher, who tried to get Mike at home plate.

The catcher dropped the ball and the game was over.

Tigers, 1-Arlington, 0

Kevin Lange pitched a strong four hit shutout against Arlington. He was supported by Mike Moran, who hit a home run in the second inning. This was the only run of the game for Lange to work with, as he was in complete control of the Arlington batters. Kevin was backed up by some fine defensive plays of his teammates.

Moran all-star MVP

South mauls North

With seven Tewksbury-Wilmington players in the starting offensive lineup, the South squad totally dominated the North 22-6 to win the 27th annual Greater Lowell All-Star Classic Tuesday night at Cawley Memorial Stadium.

Wildcat fullback Jack Moran was the game's MVP and received the Ray Riddick Memorial Award after the contest. Ray Riddick Jr. presented Moran with the trophy.

The South squad lost all four of the pre-game contests, but then proceeded to march down the field with the opening kickoff to score at the 4:35 mark of the first period.

Fullback Moran banged in the first score from less than a yard out behind the blocks of Tewksbury center Steve Looney and Chelmsford's Brian Edwards.

TMHS quarterback Tommy Sullivan then connected with Wildcat end Mike Mazzola for the two point conversion and an 8-0 South advantage.

The South jumped to a 16-0 first period lead when another ball control march resulted in Moran's second score on a five yard jaunt through the middle. Sullivan then fired a strike to Redmen teammate Russ Cabral for a 16-0 lead with 29 seconds to play in the opening stanza.

The South put the finishing touches on the board in the fourth period when Tewksbury halfback Ricky Mackey banged and spun for a three yard touchdown.

With 8:34 left to play it was all over as the North managed to save face with a last minute 58 yard bomb from Dracut quarterback Mike Parent to end Barry Dusti of Littleton.

The South defense was superb all night led by Wildcats Chris Rounds and Gary McDonald, and Redmen Mark Stephens, Paul Bradley, and Ed Powers.

Acton Boxborough defensive end Chris Cullinane set up the South's final touchdown with an interception of a Parent pass late in the third period.

The North managed to cross midfield on just two occasions. One came after a Tom Sullivan pass was picked off on a nice play by the North's Jamie Lamareaux.

The north's deepest penetration was to the South 48 yard line.

The workhorses on the offense for the South were Moran and Mackey. Moran's bull-like power running highlighted the opening drive of 58 yards while Mackey's wide slashing runs helped the South control the ball in the second half.

It was shades of the 1973 contest which the South won 32-0 as the statistics were totally dominated by the boys in green. The South led in first downs 13-4, in total yardage 274-52 and in plays 57-38. The most telling statistic was that of rushing yardage. The South chewed up the North in this category 256-9 in a devastating display of power.

Wildcat Moran finished with 81 yards on 11 carries while Mackey wound up with 19 carries for 89 yards. Chelmsford halfback Mike Mays contributed nicely with 54 yards on 10 carries.

The South offensive line of Russ Cabral, (Tewksbury), Steve Griffin (Wilmington), Danny Sullivan (Tewksbury), Steve Looney (Tewksbury), Brian Edwards (Chelmsford), Steve Frye (Chelmsford) and Mike Mazzola (Wilmington) consistently ripped open gaping holes in the North defensive front.

Redmen signal caller Sullivan was in control of the offense all night as he flipped short passes and screens with effectiveness.

The South executed on a nifty crisscross maneuver on the kickoff as Mays handed off to Mazzola who then sprinted to the North 45. The play seemed to puncture the spirit of the North as the South, led by the running of Mackey and Moran, scored TD number two in period one to put the game away for all intents and purposes.

in the pre-game contest it was all the North as Neil Murphy bested Chelmsford's John Baraldi, in the punting, Pete Scott took Wildcat Bob Aprile in the kickoff for distance, Steve Raymond won over Baraldi in the passing for distance, and Howie Bodiford nipped Aprile in the 50 yard dash.

It was a game where Tewksbury and Wilmington stars dominated and as one fan remarked upon leaving the stadium "it wasn't exciting, but it was damned efficient."

Colts bombed

The Merrimack Valley Colts are off to a dismal start in the Eastern Football League.

First year coach Mike Barrabas' club is 1-4 after Sunday's 37-0 blasting against the Randolph Oilers.

The usually strong Colt defense surrendered 211 yards rushing while managing a total offense of minus four yards themselves. Randolph jumped out to a 17-0 halftime lead and were never headed.

The Colts host Greater Boston this Sunday at the Lawrence Voke field. Game time is slated for 2 p.m.

North Wilmington Shell softball champs

No. Wil. Shell, 20-No. Shore, 4
North Wilmington Shell continued its onslaught of opposing pitchers, this time at the expense of North Shore Improvement to take a quick 1-0 lead in the best of three series.

Jim Busby led the attack with a single, triple, and home run to drive in six runs. Ray Noel, John Kalkanajian and Ralph Barden added home runs to make things easy for Rusty Heubner to pick up the win.

Jack Conlin and Dave Orndorff had a pair of hits each for North Shore, but it just wasn't enough aid for losing pitcher Ken Sarchure.

No. Wil. Shell, 18-No. Shore, 13

The Shellmen clinched the series in two straight, but it was by no means an easy task. Down 10-2 and entering the sixth inning, North Shore fought back to score 11 runs in the final two innings to offset three by Shell in the top of the seventh inning to force the game into extra innings. It was a valiant effort on the part of North Shore and it was a custom that had made familiar this year, but this time they were denied by the Shell as they scored five in the top of the eighth to take all the marbles.

Again the Shell had on their home run shoes as they pounded out five homers by five different players - John Kalkanajian, Ralph Barden, Rick Froton, Ray Noel and Rich Gearty. (The last three were hit consecutively) North Shore was paced by Jack Conlin with two hits; Jack Garden with two hits and Joe Carvalho with three rbi's.

Winning pitcher was Bob Noel and losing pitcher was Ken Sarchure.

Tuesday the playground turned into a car wash, as money was earned to celebrate the last day. Kerrin Taylor and Bobby Magliozzi, Woburn Street tennis champs, came out on top again at the Glen Road inter-playground tennis tourney.

Wednesday everyone watched the play and listened to the talented band, with Bobby Magliozzi keeping the beat on the drums and Steven Hartka playing the trumpet.

Thursday the softball all stars from the playgrounds played against the leaders at the Woburn Street. The all stars beat the leaders. The same afternoon Mrs. Magliozzi hosted a fun filled pool party and the greased watermelon won at beach day was enjoyed.

Friday was spent cleaning up and partying with sundaes. Bob, Cathi, Carlene and Rachelle are grateful to the parents, junior volunteers, and janitors who have helped make this summer's playground activities so successful.

Accident at Federal Street

Three persons were reported injured, byt none badly enough to go to the hospital, in an accident last Friday on Middlesex Avenue, Wilmington. The accident was at the curve, near Federal Street.

One car was a '68 Buick operated by Rico Catalano of Cedarcrest Road, and was going south. The other was a 1975 Ford Maverick, driven by Richard Cooper of Burlington. Mrs. Cooper was a passenger in the second car.

Mr. Catalano is reported to have told the police that the other car was on the wrong side of the road.

Officer Jimmy Burke is in charge of the investigation.

High School Boosters begin the season

The new sports season is starting soon, in Wilmington High School. Candidates for the track team may be seen trotting around town, and candidates for the football team have been noticed behind the high school.

The High School Athletic Boosters will begin their season next Monday, at 8 p.m. in the old Mildred Rogers School, overlooking Silver Lake.

There were 25 interested persons at the last meeting. They are be-

ing urged to be present Monday, with a friend if possible.

Last spring the Boosters nearly disbanded, due to a lack of interest, particularly on the part of parents of high school athletes. Thirty persons are needed to make the organization a success.

Bob Winchell of Lawrence Street is the president, and will preside at the meeting.

IN BERNIE SHEA'S TROPHY ROOM: Irish Boy Scouts, and American Scouts. From left: Billy Kerr, Kinn Lafferty, Terry McDaid, Anne Ryan, Geraldine Powers, Dennis Kerr, Kenny Risher, Reg Ryan, Gene Risher and Robert Risher. (Kenny Risher, 1st Class, is the Curtain Raiser for the Wilmington Spotlighters).

The Catholic Scouts organization of the Archdiocese of Boston is hosting, at this time, a troop of Adventurer Scouts, from Londonderry, Northern Ireland. There are 21 Scouts in the troop, and a Scoutmaster. Some of them were in Tewksbury and Wilmington for the weekend.

Bernard Shea of 12 Kevin Street Tewksbury was a proud host, for a cookout and swim. Tom Joyce of Middlesex Avenue, Wilmington was host to the Scoutmaster, and attended St. Thomas with Scoutmaster Dennis Kerr. Scout Master Frank Connolly of South Tewksbury was the host to the two girls in the troop, and parishioners who attended the 7:30 Mass at St. Dorothy's Sunday, had an oppor-

tunity to see them in uniform.

The Adventurer Scouts correspond to the Explorer Scouts, in the United States - older persons. And, like the Explorer Scouts, they now have girls in their troops.

In all of Ireland there are two girls, Adventurer Scouts. Both of them are members of the troop from Londonderry, and both were at St. Dorothy's Church Sunday morning.

Being a Scout in Ireland is much the same as being a Scout in the

United States. In Northern Ireland there are Protestant Boy Scouts, and Catholic Boy Scouts, two organizations. But they get on well together.

The big thing, to one of the boys, was that he could go into a department store without having to submit to a search. There are no "troubles" in the United States. There would be no "troubles" in Northern Ireland either, if the Boy Scouts had their way. The difficulties, they said, were caused by

a few persons.

The Scoutmaster is Dennis Kerr, a rugged looking individual. He is by profession a "Fruiterer," which means he sells fresh fruit which he buys in France, Spain and other countries.

AT ST. DOROTHY'S: Sunday morning. The two girls and Scoutmaster Frank Connolly.

QUENTON RISHER: Cub Master of Pack 47, one of the hosts. He is a Wilmington Spotlights.

The two girls were interesting. They were in the Boy Scouts because the rules have recently been changed, but one of the young ladies had been in Boy Scouts for four years, anyway. Her father is a Scout Commissioner, and Geraldine Power had served two years as a Den Mother, in Cub Scouts.

The Scout Troop was due to leave Boston Monday, at 12:45 p.m. on a train for New York. It turned out that there was a crowded train.

When the Amtrak people heard there was an Irish Boy Scout Troop they added another car, for the Boy Scouts, and they routed it, not to New York, but to Newark, so that the Scouts could get their luggage to the airport from which they take off, tonight, to return to Ireland.

Playground season comes to a close

The Tewksbury Recreation program has come to an end. Many area youngsters enjoyed this season and the time is ripe for a look back at the past two months.

In the program held at the Shawsheen School, there were many children who showed outstanding abilities. Among these gifter were several winners of the paper mache contest for the five to seven age; Lauren Caresan proved to have made a unique original mask.

The seven to nine year olds gave Jerry McCarthy as the one who worked hardest. He won the best mask for all three schools.

Not at all to be forgotten are Steve McCarthy, Susan Carey and Christine Mangano who throughout the entire program gave their best efforts and talents to the arts and crafts program at the Shawsheen playground.

During the activities at Shawsheen, Heath Brook and North Street were carrying about the same manner. The winners of the paper mache contest at Heath Brook were Sandy Byers for the 10 to 12 year olds; Billy Ward for the eight to nine age group and Lori Larrabee and Leigh Joseph for the five to seven group.

Finally making the Heath Brook arts and crafts program its very best were Ruth Ober, John Ober, Michael Laliberte, Anne Marie Treanor, Kara and Lori Larrabee, Leigh Joseph, Russell Tonnajanian, Steven Tonnajanian, Jim Sullivan, Bobby Jo St. John, Karen Collins, Billy Ward, Brian Ward and Keith Sullivan.

Never a dull moment was the North Street motto, with continuous games and races overlooking the arts and crafts, the program surged into the summer. The winners of the stuffed animal contest were: Kevin Frontain for the most unusual; Scott Frontain for the smallest; Jeff Freeling for the biggest; Lisa Bagudo for the best and Deanna Frontain for the cutest.

Who can blow the biggest bubble? Well, in the bubble blowing contest first place went to Summer Jerofski; second place to David Spurrell, and Brian Mann; fourth was captured by Laura Briggs, and the runners-up were Erin Kinsella and Michelle Vassil.

If you were to have passed North Street School and had seen a strange three-legged animal you were mistaken, it was just another

one of three contests being held. The three legged race winners were Deanna Frontain and her sister Kim. Second place was awarded to Kevin Frontain and Bruce Whitehouse and third went to Kathleen Breen and Kristen McGrath.

Voted best young woman athlete was Erin Kinsella. Outstanding artistic ability at the North Street School was displayed by: Renee Bana, Debbie Breuer, Sal Bagnulo, Billy Brigida, Suzanne Bourque, Anne Marie Cooney, Ginny Danner, Doug Davidson, Melanie Danner, Kevin Frontain, Scotty Frontain, Doug Mann, Christine MacIntire, Cheryl MacIntire, Tony Santuoso, Steve Vassill, and Michelle Vassil.

The paper mache contest proved to bring out the talents of three North Street youths. Michelle Vassil won for the five year olds; Billy Brigida won for the six to eight group and Doug Davidson won for the nine to 12 age group.

All the children enjoyed the plays put on by the Boston Children's Theatre Stagemobile. The first play seen was Cinderella;

second was the Wizard of Oz. There was a two hour intermission between plays so that youngsters from three playgrounds were able to play together and get acquainted.

The playground all stars began the activities with a big match against the Youth Center junior team. The playground all stars came up victorious. The younger children enjoyed a variety of games, including kickball, dodge ball, magic ball, circle dodge ball, and croquet.

BOARD OF WATER AND SEWER COMMISSIONERS RULES AND REGULATIONS OF SEWER USE LEGAL NOTICE

At a duly authorized meeting of the Board of Water and Sewer Commissioners held the fifth day of August, 1976 it was voted to amend the Town of Wilmington Rules and Regulations of Sewer Use.

ARTICLE II, SECTION I as hereby amended reads as follows:

No unauthorized person shall uncover, make any connections with or open into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent. Any person proposing a new discharge into the system or a substantial change in the volume or character of pollutants that are being discharged into the system shall notify the Superintendent at least forty-five (45) days prior to the proposed change or connection.

ARTICLE III, SECTION 9 as hereby amended reads as follows:

All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in these Rules and Regulations shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole.

In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a twenty-four (24) hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always BOD and suspended solids analyses are obtained from 24-hour composites of all outfalls whereas pH's are determined from periodic grab samples).
